V0.3. Offer Form

V0.3.7. List of Deviations from the Tender Documentation

Appendix No. 7 to the Offer Form – List of Deviations from the Tender Documentation

The Tenderer shall submit this Appendix on a mandatory basis, also where there are no deviations. The rules for reporting and assessing deviations are set out in Clause 1.23 of the Instructions to Tenderers (ITT).

Deviations may not concern the Mandatory Requirements set out in Clause 1.24A of the ITT or the parameters subject to evaluation in accordance with Clause 1.24 of the ITT. The Employer will consider a deviation acceptable only if the Tenderer demonstrates, together with evidence, that the proposed solution meets the given requirement to at least an equivalent extent. A deviation which does not meet these conditions means that the Offer does not comply with the Tender Documentation.

A. Declaration of no deviations

□ The Tenderer does not report any deviations from the Tender Documentation (in which case it does not complete table B).

B. List of reported deviations

□ The Tenderer reports deviations from the Tender Documentation

(The Tenderer may add further rows without changing the layout of the table).

No	Document	Content of the Employer's requirement	Proposed solution / deviation	Justification of equivalence and indication of evidence (file name)

C. Tenderer's declarations

By submitting the Offer, the Tenderer declares that:

1. the reported deviations do not concern the Mandatory Requirements (Clause 1.24A of the ITT) or the parameters subject to evaluation (Clause 1.24 of the ITT);
2. apart from the deviations listed in table B, the Offer fully complies with the Tender Documentation;
3. failure to indicate a deviation in table B means acceptance of the relevant requirement without reservation.
