### It was created as part of the project:

POIR.03.02.02-00-1990/20- Implementation of an innovative technology for manufacturing layered mattresses foam.

## Delivery, installation and start-up of contour cutting machine CNC foam.

### Conditions for amending the agreement.

The Contracting Authority provides for the possibility of making significant changes to the content of the procurement contract on the following conditions:

- a. postponement of the date of execution of the subject matter of the contract together with the effects of such change, if for reasons that could not have been foreseen when concluding the contract it is not possible to meet the original deadline for the performance of the subject matter of the contract
- b. postponement of the deadline for the performance of the subject matter of the contract for reasons attributable on the contracting authority's side with the consequences of such a change;
- c. when unforeseen circumstances arise, i. e. circumstances which, given due the exercise of reasonable diligence could not have been foreseen, the changes will be necessary because without them the performance the contracting authority will not be able to execute any part of the subject matter of the contract or will not be able to

the purpose for which it was to be performed; in such a case the Contracting Authority and the contractor may specify a modified means of achieving a result which is the subject of the performance in question;

d. where the result which is the subject-matter of the consideration in question is within the scope of the subject matter of the contract can be performed faster, more effectively, with less the Ordering Party has to use its best efforts and resources or apply solutions that are more beneficial for the Ordering Party from the point of view of from the point of view of the costs of executing the subject matter of the contract, operating costs, reliability during the period exploitation or development opportunities; in such a case the Contracting Authority and the contractor may specify a changed way of achieving the result that is the subject of the performance in question;

e. extraordinary circumstances (not being "force majeure") threatening a gross loss in connection with the performance of the subject matter of the contract, independent of the Ordering Party and the contractor, which are not they envisaged when concluding the contract; in such a case the Contracting Authority and the contractor may specify a modified way of achieving a result that is the subject of a given performance that falls within the scope of the contract, in order to avoid a gross loss in performance orders;

f. introduction or change of legal regulations or regulations regarding the rules of subsidizing the project from the European Union funds, which come into force after the date of concluding the contract; in such case, the Contracting Authority and the contractor may define a modified method of achieving the result being the subject services included in the subject matter of the contract in order to adjust it to the changed legal status;

g.occurrence of a force majeure event after the conclusion of the contract, which for the purposes of this condition shall be understood as an event external to the legal relationship between the Employer and the contractor;

Contractor:

- of a nature beyond their control,
- which they could not foresee before concluding the contract,
- which could not have been avoided or prevented with due diligence,
- which cannot be attributed to the Awarding Entity or the contractor.

Force majeure shall be considered in particular: flood, fire and other natural disasters, riots,strikes, terrorist attacks, acts of war, sudden deterioration of weather conditions, epidemics,sudden interruption of power supply, radiation or contamination. In such a case, the date of completion of the subject matter of the contract may be postponed by the duration of force majeure and the duration of its consequences. In such a case, the Principal and contractor may also agree a modified manner of achieving the result being the subject matter of a given performance which is the subject matter of the subject matter of the contract in order to adjust it to the consequences of force majeure.

The Contracting Authority also provides for the possibility of amending the contents of the procurement contract in cases allowed by the Guidelines on the eligibility of expenditure under the European Regional Development Fund, European Social Fund and Cohesion Fund for 2014-2020 Cohesion Fund for the years 2014-2020.

The changes indicated above will be made at the request of the Employer or the contractor, with the consent of agreement of both parties, in the form of an annex to the procurement contract drawn up in writing under pain of null and void.
